

I loved the weekend and have been practicing my alphabet multiple times a day ... It was great to have a group with such varied backgrounds and perspectives. The energy was very conducive to learning, which is good, because it was so much to take in! You really do a great job presenting the info, and your passion for what you do is evident. Thank you for sharing it with us!

I wanted to thank you for the great immersion class this weekend. You made me feel at ease and my progress from Saturday morning to last evening really surprised me. I will continue on my path of learning Sanskrit.

Thanks for a wonderful day studying the sutras! Can't wait for the next one.

Just wanted to drop a quick note to let you know how much I appreciated the workshop on the Yoga Sutras. You make it so much fun and take the voodoo out of it. It becomes real and logical.

Be assured that in Jo Brill's capable hands your life and Sanskrit studies will bloom lavishly. With unwavering grace, patience, and humor we were introduced to this marvel of sacred language through ASI resources, including the Atlas. The ASI model for learning is so refined, and it works in profoundly beautiful ways. I am grateful—and awestruck.

I just completed the Sanskrit Immersion I workshop with Jo, and it was simply extraordinary. Entering as a person with limited language aptitude and uncomfortable with reciting in front of a group, I found the teaching method to be the perfect balm for my "reluctance and insecurity." In addition to the method itself, Jo's gentle and nurturing presence, plus her skills as a teacher took the experience to an entirely new level. I cannot recommend this program highly enough. If you have the smallest interest in Sanskrit, I urge you to jump in. You will not regret it.

I had a deep and wonderful time. I learned a lot, laughed a lot, and found Jo to be delightful of heart and enthusiastic of mind. What a great combination!
